In compliance with the Memorandum Order dated October 27, 2025, which was received by the undersigned on the same date relative to the conduct of the aforementioned activity, please be informed that the said activity was successfully carried out on October 28, 2025, in coordination with the party concerned.

The following findings and observations were noted during the conduct of the assessment:

- The lumberyard is situated on a parcel of land designated as Lot No. 3558, CAD 572 owned by Mr. Gerardo Q. Rosil Jr. located at P-2 Brgy. Bunga, Lanuza, Surigao del Sur containing an area of 6,537 square meters and is within *Alienable and Disposable Land (A&D)* per LC Map No. 643 dated March 30, 1927. The said parcel of land is covered with Tax Declaration No. 08-09-0003-00223 under the name of Mr. Domingo Estrada, the late father of the sole heir Ms. Rizalina Azarcon, whom he acquired such land.
- The following documents such as Mayor's Permit, Certificate of Registration (BIR 2303), and DTI Certification are posted on the bulletin board indicating the business' legal status.
- A 4ft x 6ft signage showing the name and other important details of the business can be found at the façade of the lumberyard.
- One (1) portable circular saw that weighs 130kg. with engine no. 2407746 is registered in consideration of the policy and guidelines of DENR having a Certificate of Registration No. R13-D2-2025-011 is also present in the area.
- The applicant has previously contracted 50 cu.m of Philippine Mahogany Group with Mr. Alonzo Dawog, PLTP Holder and was already delivered and disposed to designated consignees, consumers, and end users.
- Additionally, the applicant has also a total remaining balance of 194.81 cu.m of planted trees contracted with Mr. Fabian Juagpao and Mr. Joel Opitan, both are PTPR Holders, however no delivery from the supplier was made due to impassable road and financial constraints of the buyer.

In view of these, the team strongly recommends that the proponent immediately apply for the renewal of the Certificate of Registration as Lumber Dealer and secure its approval to ensure the continuity of legal operations and the proper disposition of the remaining contracted volume.
